

My children have been attending Teeter Tot's for almost three years. When we started I had one child in the daycare program and two in the afterschool program. My youngest child who has worked through the daycare program and into the afterschool program was thrilled when she got to be involved in the Kinderprep work. This fall as she transitioned into Kindergarten Teeter Tots was amazing with the difficult gradual entry schedule and was always available to pick her up even though she was finished at different times every day greatly reducing the impact gradual entry had on my own work schedule. The afterschool program offers a wide variety of activities throughout the year and over the summer keeping my children interested and excited to attend the program. The staff are wonderful and great to work with.

Carly B.

We have been with Teetertots now for almost 5 years and we love it! The staff are amazing and they truly care about the safety and wellbeing of our kids. They do everything in their power to make it a positive learning environment that is enjoyable and fun for the children. There's so much outdoor play and lots of activities to choose from. My son has absolutely loved going to daycare and now, afterschool care too. Even at 7 years old, he has yet to complain about having to go, even through the summer during full days!

Shelly P.

Our children have attended Teeter Tots for about 2 years now – we currently have one in daycare and one in after-school care. They were previously in home daycares, but it was difficult to maintain two part-time spots. We were concerned about them adjusting to being in a larger group setting, but they quickly made friends and were very comfortable with their daycare teachers. They are kept engaged with different themes, crafts, activities, and field trips and get outside time often. Our older child really liked the kindergarten preparation time and the transition to full-time school has gone very smoothly. The daycare has been able to accommodate changes to my work schedule several times now. When we drop off our children at Teeter Tots, we know they are safe and happy and that the staff will take excellent care of them.

Caitlin P.

Our boys started in Daycare at Teeter Tots and loved it! They helped teach the boys social skills such as meeting new friends and sharing as well as expanding the tastes of my fussy eaters by introducing new snacks - seeing the other kids eat kiwi made the boys want to try it! Our boys currently attend After School Care at Teeter Tots and they love it! They have plenty of outdoor time when the weather is nice and they have access to an indoor gym when it's not as nice. The teachers offer many various activities from crafts to field trips during PD days and during the summer. It's like recess all the time!

Sarah G.

I have had a wonderful relationship with Teeter Tots for a number of years. My son attended the after school program for five years and I was so pleased with the care that I enrolled my twins into the daycare program as soon as they were old enough and they now attend the after school program.

I feel confident in the care that is provided to my children at Teeter Tots. The caregivers are compassionate and provide multiple activities to keep the children engaged. They have gone from potty training my kids to getting them prepared for Kindergarten and now are flexible and accommodating with the services provided such as drop off and pick up from school.

I highly recommend both the daycare and after school program and have had a really great experience with both.

April P.

Our children have had amazing experiences at Teeter Tots through the infant toddler and daycare programs. We love seeing photos of their activities throughout the day, and hearing about the fun they've had when they are picked up. Field trips and special days are highlights for sure, but the kiddos are excited to play with their friends, and see their teachers on a regular day too! The staff have been very caring and helpful when the kids have needed a bit of extra help or support. We couldn't have asked for a better childcare experience for our family - the staff's devotion and warmth towards the children shines through everyday. Thank you for everything!

Respectfully,  
Rebecca G.

As a first time parent the thought of childcare can be daunting! From our first interactions almost a year ago to now, we have nothing but positive things to say about the infant/toddler team. The space is great, the ladies are great and the daily updates really put your mind at ease. I wouldn't hesitate to recommend Teeter Tots to anyone looking for a supportive, respectful, fun and caring environment for their child.

Sincerely,

Megan & Scott C.

My two children have been going to Teetertots After School Care for up to five years. They have bonded with their caregivers and enjoy all the fun stuff they get to do there. If they are not out at different venues within Prince George or at Barkerville in the summer, they are playing with their friends in the newly upgraded playground. It has been so nice to have a trusted person drive them to school and pick them up after. Fair and equitable pricing and easy ways to pay monthly. Very convenient. I would recommend their After School Care program to any family.

Christine M.

I have 2 kids that have attended Teeter Tots for the past 5 and a half years in both the daycare and after school programs and it has been great. Their hours are good and the kids always have fun. They plan fun activities for the kids and fun field trips and have lots of time outside. I've never heard anything bad about the child care workers and my kids are always excited to go.

Corrine F.

The team at Teeter Tots is exceptional. The staff have played a pivotal role in our child's development by fostering essential values and social skills in the classrooms. The collaborative atmosphere and enriched activities have exceeded our expectations in every way. They make learning fun! We are so grateful for the positive impact the team has been able to provide in our child's early years.

Danica J.

Both the kids love coming to teeter tots, they have made great friends and feel supported by their teachers every day. The teachers know each child and can individualize care, and work with whatever needs they may have.

Staff are responsive to emails and messages, friendly and knowledgeable. The brightwheel system is brilliant, it allows parents to see what their kids are up to throughout the day, and allows staff and parents to communicate easily.

Teeter tots has the best activities and plan the most fun adventures for school break times. We have not had the same experience at other "comparable" daycare programs in the city. Teeter tots ensures the kids get outside to play every day except in extreme weather, the kids are always engaged, and nice and tired by the end of the day!

The bussing service is such a great bonus as well, we could not be happier with Teeter Tots and all the wonderful staff

R.

We are writing to express our heartfelt recommendation for Teeter Tots Daycare in Prince George, BC. Our child has been enrolled in both the Infant Toddler Program and the Day Care Program at Teeter Tots for the past three years, and we cannot speak highly enough of the quality of care provided.

From the moment we stepped into Teeter Tots, we were struck by the warmth and professionalism of the educators. They not only have a genuine passion for early childhood education but also a remarkable ability to connect with each child on an individual level. The unique activities offered have provided our child with enriching experiences that have undoubtedly contributed to their development.

One of the aspects we appreciate most about Teeter Tots is the clear and bright spaces designed specifically with children in mind. The environment is not only inviting but also stimulating, fostering a sense of curiosity and exploration. Moreover, the friendly atmosphere and strong sense of community among staff, parents, and children alike have made our time at Teeter Tots truly special.

In conclusion, we wholeheartedly recommend Teeter Tots Daycare to any parent seeking exceptional childcare in Prince George. The dedication of the educators, the unique activities offered, and the welcoming environment make it an outstanding choice for families in the area.

Sincerely,

Cailey and James M.

Teeter Tots is truly a one-of-a-kind daycare. The staff of the infant/toddler program are incredible. Every week they bring new adventures and activities into their classroom. Our child's creativity and imagination has flourished in his two short years in this program. The speech and compassion he's learned has far exceeded our expectations which we contribute greatly to his time spent at daycare. Our family is so grateful to be apart of Teeter Tots and look forward to the 3-5 age group this summer.

The Currie Family

Since my daughter started attending Teeter Tots at 3, it has been an incredible journey of fun and friendship. As she continues in their after-school care, I am continuously amazed at all the fun that fills her days.

The activities at the daycare are always engaging. Whether it's crafting projects, bouncy castles, or on the playground, there's always something exciting happening. The after-school program also provides fantastic field trips, which she absolutely loves.

One of the most valuable aspects of this daycare experience has been the lasting friendships she has formed. Moving into kindergarten was a breeze because she had her close friends by her side, friends she had known for years through daycare. These relationships have made school transitions smoother and provided a stable social network that supports her emotional well-being.

The daycare teachers have played a crucial role in fostering these friendships by creating a warm, inclusive environment. My daughter lights up when she sees them outside of daycare, a testament to the positive impact they've had on her life.

I am grateful for the role Teeter Tots played in my daughter's life, providing not just care and safety, but a place where she has formed forever friendships!
